

Secure Transcript™ For All Your Students

Doing the right thing

Docufide is pleased to announce a fee waiver program to assist students for whom our fees might be a real barrier to college entrance. Secure Transcript is free to students who qualify for a waiver.

Now there's less reason than ever for a paper transcript request to cross your desk.

How do students qualify?

Docufide will issue fee waiver codes to students who qualify for a College Board Fee Waiver. (We will also consider other official sources for qualification.)

Making it easy

Docufide makes it easy for your qualifying students to receive waivers.

- **Apply:** Every student who receives a fee waiver from the College Board simply registers with Secure Transcript, then brings their Fee Waiver number to you.
- **Approve:** You log onto Secure Transcript and enter the student's name and waiver number. We'll instantly issue a Docufide Fee Waiver Credit to their account.
- **Order:** Students who receive a Docufide Credit can make up to four transcripts requests at no charge.

What Are The Guidelines For College Board Fee Waivers?

A student's eligibility is primarily determined by membership in a family unit whose annual income falls at or below these limits:

Household Size	Annual Income ¹
2	22,422
3	28,231
4	34,040
5	39,849
6	45,658

1. As of 1/15/04
